

URBAN FISH DESIGN™ SUPPORTS COMMUNITY EVENTS NATION WIDE

April 2008 – Urban Fish Design™ continues their support of The Children’s School in La Jolla, CA. TCS is the home of more than 230 students from toddlers to Grade 6. As a school dedicated to academic excellence, a unique social curriculum and a commitment to community and our planet, TCS continues to foster a desire for lifelong learning and respect.

In 2008 TCS adopted the theme of “It’s Easy Being Green” for their 2008 Fun Night.

As a company committed to raising environmental awareness and increasing sustainable business practices Urban Fish Design™ was pleased to participate in Fun Night and make its own donation to the school’s largest fundraiser. *“It is important to support diverse causes and the The Children’s School in La Jolla stands for both educational and social values that are aligned with both my personal and professional way of life”* said Rebecca Berenson, Owner and Creator of (Wynona) Urban Fish Design™.
